

A photograph of a group of people in a meeting. In the foreground, a woman with long dark hair, wearing a red top, is leaning over a laptop, looking intently at the screen. To her right, another woman with curly dark hair, wearing a white shirt, is also looking at the laptop. In the background, another person is partially visible, holding a tablet. The setting appears to be a collaborative workspace with papers and a glass on the table.

Account Registration and Setup

User Experience

NOTE

This presentation provides an overview of the initial account registration and setup for all teachers taking the Lesson Portfolio in Ohio. After loading the eligibility file provided by ODE, the system will send an activation email to all teachers. The activation email will include a link directing teachers to the Educopia platform to activate their account. Once activated, teachers will be able to log into the system to complete their account setup. After setting up their account, the system will place each teacher into the RESA Cohort 2017-2018 and assign them the Lesson Portfolio. Teachers can then click on the Lesson Portfolio to submit their work for Lesson A and Lesson B.
